

“Cry Out” – Pastor Bill Gokee – 7/15/18

How would you rate your personal progress on a desire to build the Kingdom of God rather than just your own little kingdom? (1-10)

What would be the first thing you would cry out to change in you personally?

What would be the first thing someone close would believe you should cry out to change in you?

What would be the first thing you would cry out for ABBA Father to change in your circumstances?

What would be the first thing you would cry out to ABBA Father to change in your finances?

What relative first comes to mind that you would cry out to God to save/heal/deliver/change?

What would you want God to do for that relative?

What other area do you want to cry out to ABBA Father today to see Him act to bring breakthrough?

How will you cry out for family members, friends, neighbors, our region, etc.?
